Always calculate using 3 judge's scores. If there are 5 judges, average the scores and enter 3x. If there is only 1 judge, count that score and enter 3x.

A bye counts as a win.

A - Total the judge's scores for each individual round (total will be out of 75).

B - Grand Total equals all rounds' totals added together (Grand Total will be out of 225 if there were 3 rounds, 300 if there

D - To calculate Speaker %, take Grand Total and divide by the total number of possible speaker points. (If the tournament had 3 rounds, divide

E- Speaker Rank is based on Speaker %. Watch for ties - any ties will be awarded the same Speaker Rank (i.e. two people tie for 2nd place will

F - Add up # Wins from the win/loss column.

G - Team Rank is based on win/loss record **FIRST**, then by Team Grand Total, in the case of ties in the win/loss

To calculate speaker points for a bye, average the totals of other rounds and use the average as the bye round's speaker points.

were 4).

C - Add together individual Grand Totals for **Team Grand Total**

Grand Total by 225. If there were 4 rounds, divide by 300).

both be awarded second: the next-ranked speaker will be 3rd place.

record. (i.e. If two teams have win/loss records 3-0, then the team with the highest Team Grand Total is ranked ahead).
